EDUCATION

J.P. COLLEGE OF ENGINEERING TENKASI

Bachelor's degree in Artificial Intelligence and Data Science

2024-2028

VIVEKANANDA SILVER JUBILEE MAT. HR .SEC. SCHOOL, VEERASIGAMANI

(HSC) State Board Of Tamil nadu

2023-2024

SKILLS

- Communication
- Interpersonal Skills
- Teamwork
- Leadership
- MS Excel
- Full Stack (Basic)

LEADERSHIP

- **REPRESENTATIVE**

  -AI&DS Department (2024-2025)

- **JOIN SECRETARY**

  -AI&DS Department Association

  (2025-PRESENT)

HOBBIES

- Learning new things for my career
- Reading Stories
- Listening music

LANGUAGES

- TAMIL
- ENGLISH

PROFILE

Passionate and hardworking student seeking an internship opportunity to apply academic knowledge, develop practical skills, and gain industry experience in a professional environment.Energetic and dedicated individual with a passion for learning, creativity, and personal growth. Committed to delivering quality work and continuously improving skills in a professional environment.

CERTIFICATIONS

- Adobe photoshop and web designing.
- Presented innovative idea "Women only driving app for Startup arena in PSR College of Engineering.
- Stock market using Al completed 3 hours workshop by SKILL NATION.
- Participated in INTERNATIONAL LEVEL HACKATHON 360° 3.0 and qualified to round 2.Awarded a certificate for successful participation and selection.
- participated in INTERNATIONAL LEVEL HACKATHON 360° 4.0 and qualified to round 2.Awarded a certificate for successful participation and selection.
- Successfully completed an online course on professional networking, personal branding, digital networking tools, and career growth strategies.
- Participated in a 2-day workshop on Vibe Coding with Claude AI and Prompt Engineering.

Internship Experience

- Completed 10 days UI/UX designing program conducted by IP Mega.
- Completed two weeks internship program on "DEEPDIVE TECHNOLOGIES,SIVAKASI".
- Completed a 1-month AICTE internship in Neural Networks on INSPIRE SOFTECH SOLUTIONS, olympia tech park,chennai.

PROJECTS:

- **"Servesafe-AI powered event food rescue platform"**
  submitted in INTERNATIONAL LEVEL HACKATHON 360° 3.0

  About: Passionate and innovative fresher with an interest in AI and social impact solutions. Developed "ServeSafe," an AI-powered event food rescue platform focused on reducing food waste and supporting efficient food distribution.

- **"SafePath AI – Intelligent Co-Pilot for Drivers"**
  submitted in INTERNATIONAL LEVEL HACKATHON 360° 3.0

  About: "Smarter driving with AI-powered safety and navigation assistance." The concept aligns with modern AI-assisted road safety systems and intelligent navigation technologies being explored in real-world projects.

- **NavAid Vision-AI-Based Navigation System for Visually Impaired People**
  submitted in INTERNATIONAL LEVEL HACKATHON 360° 4.0

  About: NavAid Vision is an AI-driven assistive technology platform that empowers visually impaired people with intelligent navigation, environmental awareness, and voice-guided mobility support.

- **"Pre-Fire Intelligence Using Multimodal Edge AI" project.**

  Submitted and participated in the SRM University Hackathon

  About: Developed an AI-based solution for early fire detection using multimodal sensor data and edge AI technology.

DECLARATION:

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
